Organization

Looking for a business opportunity?

BHS Medical Solutions GmbH

Are you

- Investor
- Pharmaceutical company
- Medicinal product manufacturer

We are offering

AgNPs®,
an effective antiviral treatment

You will get access to

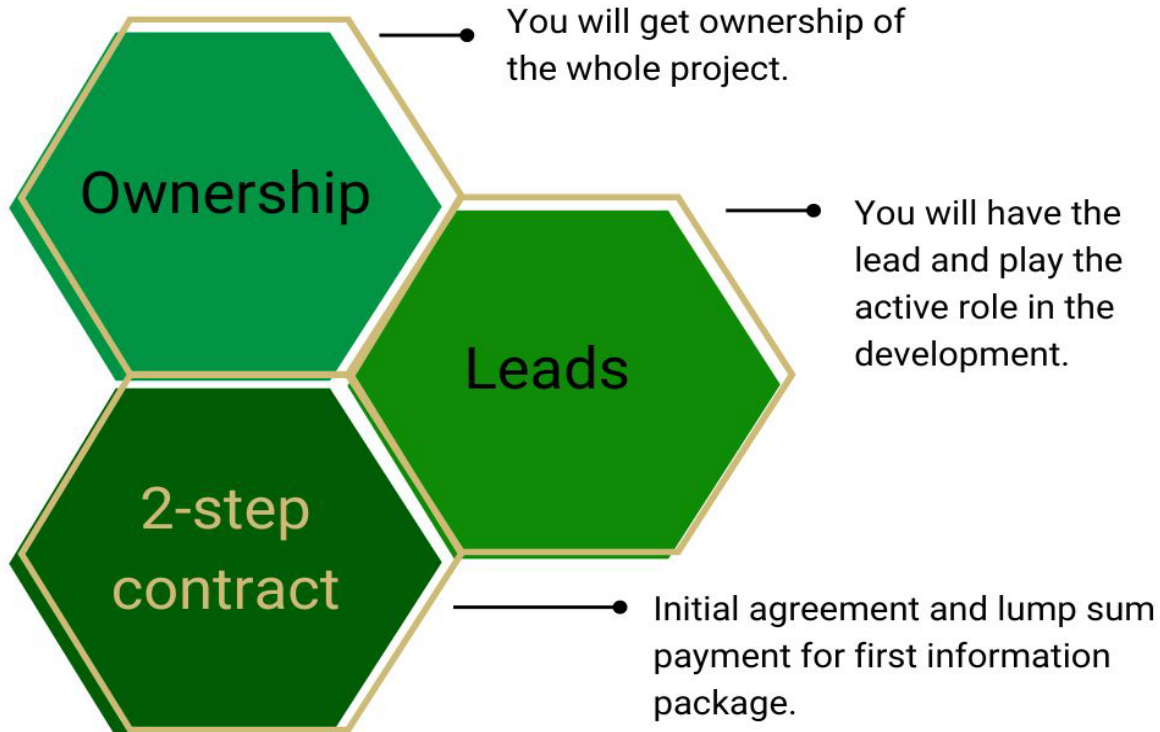

- IP
- Product formulation
- Clinical study on antiviral efficacy
- Our experienced team of clinical experts

Find here the research article about:

Reduction in the COVID-19 pneumonia case fatality rate by silver nanoparticles A randomized case study.pdf

Cooperation model

Subsequent payment based on the sales volume of the medicinal product after you went into market with the finished product.

Curious?
